KEY INSIGHTS

Revenue

Revenue stands at **£247.75M**, with overall performance slightly below the prior-year comparison.

Regional concentration

South East generates the highest revenue, followed by **North West** and **Midlands**.

Margin

Gross margin is **34.5%**, broadly unchanged against the prior-year margin.

Management focus

Store performance should be assessed using **regional peer ranking, profitability and target attainment**, rather than revenue alone.

STORE PROFILE - DRILL THROUGH

A modern, minimalist clothing store interior. The space features dark wood paneling and gold-colored vertical slats. Racks of neatly folded and hanging garments are visible. A large, dark, textured table in the foreground holds folded clothes and a vase of dried flowers. The lighting is warm and focused, creating a sophisticated atmosphere.
